CENTRE

Please note you may be required to
attend an alternative practice for
your appointment

What is Enhanced Access?

The Enhanced Access Hours Service makes it easier for you to get an appointment at a time that suits you including evening and weekends.

The Service offers pre-bookable, routine primary care appointments with a range of clinicians including GPs, nurses and health care assistants

When will the new service be available?

The new service will be available from 1st October 2022

Who can access these appointments?

Anyone registered at:
City Walls
Handbridge Medical Centre
Lache Health Centre
Western Avenue Medical Centre

Where will my appointment take place?

Monday - City Walls
Tuesday - Western Avenue
Wednesday - Western Avenue
Thursday - Handbridge Medical Centre

How do i book an appointment?

Contact you GP practice in the usual way to request an appointment. Some appointments will be available to book up to 2 weeks in advance and some will be available to book on the day.

What can i be seen for?

A range of usual service will be available, from GP or Nurse appointments, blood test, health checks and medication reviews.

Who will i be seen by?

Your appointment will be with an experienced clinician. It is unlikely that you will be seen by your own GP or Nurse. If you would prefer to see your usual GP or practice nurse, please book an appointment with your registered practice during their normal opening hours.

Will the clinician i see have access to my medical record during my appointment?

Your medical record will, with your consent, be available to the clinician that sees you.

Your record will be updated at the time of your appointment.

An appointment with this service will just be like an appointment at your own GP Practice.
